STATINTL

Inclosed are two reports on the Sentinel Siting Study in Alaska prepared by the Photographic Interpretation Research Division. The reports are as follows: "Preliminary Site Investigation of NIKE-X (U), January 1968", and "Supplementary Report No. 1, Preliminary Site Investigation of NIKE-X (U), March 1968".

Since Mr. Lundahl also expressed interest in the study and these reports it would be appreciated if you would call them to his attention. The reports may be retained.

Sincerely yours,

2 Incls
